Dear Judge Castel:

The Government writes to update the Court regarding the production of discovery material in the above-captioned case. Due to technical issues the Government has encountered in preparing and producing certain discovery materials while teleworking, there are two particular items of discovery that the Government will be producing to defense counsel within two weeks, rather than with today's production.

The Government has consulted with counsel for all defendants and advised them of these technical issues and of the revised timeline for producing these discovery materials. Defense counsel has no objection.

Respectfully submitted,

GEOFFREY S. BERMAN
United States Attorney for
the Southern District of New York
